

North America's Leading Commercial Roofing Contractor Proudly Serving Central Ohio

CentiMark is a premier, full-service commercial roofing contractor offering a complement of roof systems, roof repair and preventative maintenance for over 47 years. With 80 offices located throughout the United States and Canada and a corporate office in Canonsburg, PA, CentiMark has the financial backing of a large corporation with the presence of a local company.

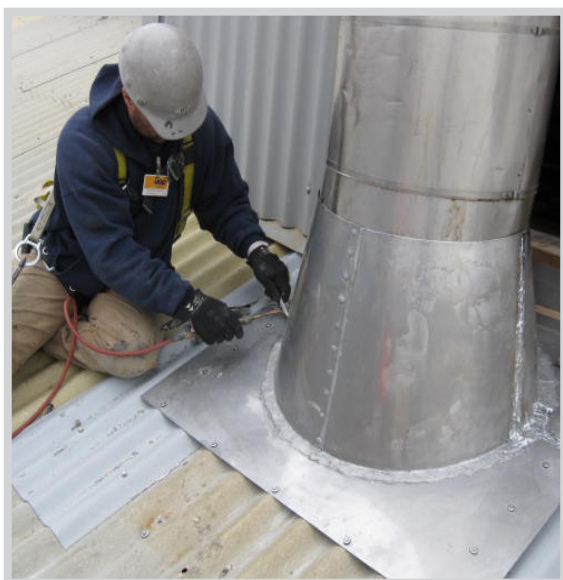

Our safety program is unmatched in the roofing industry. We are committed to maintaining the same degree of success and reputation in safety as we have in the quality of roofing services that we provide. CentiMark's Incidence Rate is well below the national average, something we take great pride in. Our crews receive ongoing training in roofing and safety.

TPO (Thermoplastic)

EPDM
